## Police arrest 4 in barn, park thefts

Antioch police and Lake County Sheriff's detectives have arrested four Antioch youths in connection with two separate burglaries this summer in the Antioch area.

Arrested and charged with burglary in connection with the August 8 breakin at the Antioch Aqua Center concession stand was Gerald Risch, 17, of 541 Poplar St., Antioch, and three juveniles.

Risch has been charged with burglary, according to Lt. Tom Fisher of the Antioch Police Dept., and juvenile petitions have been filed on the other three youths.

Entry to the concession stand was gained by forcing off a screen and candy and food were taken. Damage was done to the inside of the concession stand, with food being thrown around.

The same four youths are believed to be responsible for the July 11 burglary of the Hobby Barn near Antioch. Sheriff's detectives are awaiting the issuance of a warrant on Risch.

Approximately \$3,000 to \$4,000 in remote control airplanes, boats and cars and associated electronic equipment was taken in that breakin, according to police.

Sheriff's investigators termed the burglary an inside one. One of the juveniles was reportedly employed at the Hobby Barn and helped hide Risch in the store. Then after closing, he let the juveniles in to aid the alleged burglary.

## Antioch, its neighbors clamp down on youth

Antioch police and neighboring departments in both Illinois and Wisconsin have found their own way of dealing with teenage drinkers who go from Wisconsin to Illinois to escape the 21 year-old Illinois drinking age.

While Wisconsin legislators are getting more and more pressure to adjust that state's drinking age upward, law enforcement agencies still must face the associated problems of teenage drinking and driving.

And they're doing that by utilizing the laws already on the books.

Antioch Police Lt. Tom Fisher explained that Antioch police officers work extra hours on weekends to monitor teen traffic coming home from the bars just over the state line. That has been going on for some time and they usually are aided by the state police, who assign squads to the area.

The result has been a lot of arrests, according to Fisher, for such violations as speeding, driving while intoxicated and transportation of open liquor. And it's standard procedure to stop cars and check them out if there is any hint of a drunken teen behind the wheel.

Taking action on the problem of intoxicated teens trying to make it home from Wisconsin, has also become popular in other neighboring communities.

On August 14, Salem police held a sweep of four of the 12 teen bars in a five mile stretch between North Ave. and Hwy. 50 in Salem Township. It took until 4 a.m. Saturday morning to process arrests from the previous evening.

## 64 attend ACHS reunion

Sixty-four people attended the fifth annual Fifty Plus Reunion of former Antioch High School students at The Cabriolet Restaurant in Libertyville.

The July 18 gathering included a buffet supper and reminiscences of high school days 50 or more years ago.

The Class of 1926, for its 55th year, presented a montage of "happenings" during their four years.

The Class of 1931 was especially honored for its 50th year.

Representatives from the classes of 1917, 1918, 1919, 1925, 1926, 1927, 1929, 1930 and 1931 were in attendance, as were two from the class of 1932, getting ready for next year.

Three teachers were present: Mrs. Helen Bauck Schneider from Wauwatosa, Wis., Lynn R. Watson from Naperville and Miss

According to Duane Reh, Salem Township police commissioner, a total of 10 arrests were made for having open intoxicants, four for possession of marijuana, two for speeding and one for driving while intoxicated.

"Something has to be done. It's getting worse every weekend," said Reh. Salem has 30 licensed bars for a population of 6,000.

Also over the weekend of August 14 and 15, the Twin Lakes Police Dept. cracked down on out-of-state and local drinking drivers. With the cooperation of the Wisconsin State Patrol, Kenosha County Sheriff's Police, McHenry County Sheriff and Richmond Police an intensive push was made. The Twin Lakes Police alone made 80 arrests: 37 speeding, five drunken driving, 27 equipment violations and 11 miscellaneous arrests.

For the same period, the Wisconsin State Patrol made 46 arrests in Twin Lakes: 13 speeding, six drunken driving, 23 equipment violations and four miscellaneous arrests. Kenosha County deputies arrested one for marijuana possession and one traffic arrest was listed in a preliminary report.

Richmond police arrested four Illinois speeders, three drunken drivers, seven equipment violations from Illinois, three equipment violations from Wisconsin and charged seven with transport of open intoxicants.

"It is our obligation as a law enforcement agency to attempt to curb these problems," Lt. Dan Clebos said. "We intend to make value arrests that will spread the word."

Cornelia M. Roberts from Grayslake who this year qualified both as a member of the Class of 1925 and a former teacher.

Letters were read from Walter Forbrick, Class of 1916; and Leroy Stark and Hans von Holwede, both former teachers.

The date for the sixth annual Fifty Plus Reunion will be next July 17, again at The Cabriolet. Members of each class are asked to pass the word to their own classmates, the only way notifications are made.

This year the group is alerting those from the Class of 1932 to start contacting their members.

Fifty Plus is not meant to supplant any 50th reunion, but just to give old friends another chance to get together and talk about old times.

# Grade school ups milk, lunch prices

Due to a decrease in federal subsidies, the Antioch Grade School District has been forced to increase the price of milk and school lunches for the coming year. While the subsidized milk last year cost five cents, and was later raised to seven, this year a half-pint of milk will cost 15 cents.

The Class A lunch has risen from 60 cents to 80 cents, due largely to the loss of the milk subsidy and other subsidies for hot food, and the reduced lunch, for those who meet the criteria, has gone from 20 cents to 40 cents.

The board has also agreed to increase the pay for substitute teachers from \$35 last year to \$37.50 per day for 1981-82. Skidmore said that surrounding area schools have increased their rates for next year, some as high as \$40 or \$45 per day, but added that the \$37.50 was in line with that paid by the high school district and other feeder school districts.

Construction of the multi-purpose annex building, also known as the W.C. Petty annex, on the grounds at W.C. Petty School, is nearly completed.

The construction, which includes a concession stand, bathrooms and three storage rooms, is being financed jointly by the Antioch Grade School and High School districts and the village.

The grade school district has spent \$8,750 on the project and the village has spent \$4,800, according to a district report. There is still an outstanding masonry bill of \$1,100, bringing the total cost of the project to \$14,650.

The figure will be brought up to the estimated \$15,000

project cost with the installation of dividers in the wall and the pouring of some blacktop around the building. The village and two school districts will then split the cost of the project three ways, with each paying \$5,000.

Dr. Donald Skidmore, grade school superintendent, explained that there are many activities on the school grounds, conducted by various community groups, in which there are no bathroom or concession facilities available because the school is closed.

Completion of the project will provide nearly unlimited availability of such facilities.

Skidmore also reported to the grade school board, at its August 18 board meeting, that contractors Jenkins and Boller have almost completed the life safety work at the Antioch Upper Grade School, with only the final inspection left to be completed. Installation of the generator at Oakland School has been delayed due to the inavailability of the proper size generator.

The board also agreed to increase reimbursement for employees who use their car for authorized school business, from 25 cents per mile last year to 27 cents. The district will also increase the rate to 30 cents if conditions justify the increase.

Also approved by the board of education was the hiring of four certified and two non-certified staff members for the coming year.

Diane Bishop, a recent graduate of the University of Wisconsin, has been added to the language arts staff at An-

tioch Upper Grade.

Lynn Harrison is a graduate of the University of Illinois and has four years of teaching experience. She can teach both language arts and math.

Elizabeth Stanowski is a recent graduate of National

College of Education and has excellent student teaching credentials. She is a math major with a minor in science and is being hired to replace Max Cummings in the junior high math department.

Karen Heinsohn is a for-

mer elementary school teacher from Lake Villa who recently graduated with a masters degree in environmental education-outdoor education. She will be employed for one year to take Dave Booth's position as director of the Title IV-C

project.

Jan Pfarr has been employed for four hours a day to do data processing for the district and serve as district treasurer. Mrs. Gloria Kruczek will work 15-hours a week at the W.C. Petty School as a secretary.

## The Time Machine

### When I think about it Amtrak isn't on right one

by GLORIA DAVIS

I'm not a great letter writer, but after returning from a round trip on Amtrak, from Chicago to New Orleans, 18 hours each way, I feel compelled to pen the following open letter to our legislators who voted for a federal subsidy to keep that train whistle blowing awhile back.

#### To You Who Should Be Concerned:

Now that the Amtrak system might be considered to be your baby, may I invite you to forsake the luxury of your limousine, leave behind the comfort of that first class accommodation on your favorite 747 and take a lengthy trip on this mode of transportation that you have decided deserves to be financed by the taxpayers' money.

Please keep in mind that this is one of the few travel alternatives for those who are pocket lightened or height or flight strike frightened.

If you are foolhardy enough to accept my invitation, might I suggest that you add a survival kit to your baggage that just could enable you to leave the train under your own power with a slight vestige of sanity remaining.

Be sure and fill your kit with the following items: the largest containers of aspirin and Malox in captivity; sleeping pills; three blankets; several sandwiches; Lysol spray; vaseline; nose and ear plugs.

The aspirin might help the largest headache in the world which you will most assuredly get from the head shaking, teeth rattling, constant jerking motion of the train, akin to putting your entire body, including your stomach, into a blender.

Rolaid relief might help put your stomach back together from this and the microwaved cardboard food, if you're unlucky enough to make it to the diner without being thrown off the train.

The sleeping pills or getting completely blitzed, in what they laughingly call the debris-laden club car, is the only way to get through one of Amtrak's interminable nights.

The reclining seats are designed for the comfort of seven foot giants, with the head rest so situated as to force the head of a per-

son of average height to either flop forward or be smashed beneath it, cork-screwing your neck into your collarbone.

The blankets are to fend off pneumonia that threatens to set in overnight since the air conditioning must be set for below zero.

I came to the conclusion that Amtrak was economizing by shipping frozen meat under the seats.

Since those minute cubicles, termed restrooms, are never cleaned from the start to the finish of the trip, the Lysol and the nose plugs should enable one to use these facilities.

Kidney bursting sounds messy and hopping to the club car to have a cigarette with your legs crossed could be dangerous.

I watched a porter clean the carpeted floor of the club car that was stacked almost ankle high with litter, by swishing a damp mop down the center, sending the refuse beneath the tables and chairs, while exclaiming, "I found that this works better than a vacuum cleaner."

The vaseline is to treat the burns when a sudden lurch or unscheduled stop sends your neighbor's coffee flying into your lap and the earplugs might just save your hearing by keeping out the constant roar of those rumbling wheels and the din of rock and roll coming from a kid's transistor, eight seats away.

I simply cannot comprehend how those smooth shiny tracks can produce such a bumpy, noisy ride.

I won't even go into the bad attitude or the lack of service received from many of Amtrak's personnel.

Whatever happened to those glamorous train rides that Hollywood made famous during the 1940s?

The Silver Streak and the Orient Express were never like this!

The way I feel after my trip, the only way I'd ever venture on board one of those choo choos again would be if it's a matter of life and death and all other means of transportation were out of commission, including my thumb, and then only if they guaranteed me a room in the nursing home overlooking Lake Michigan.

#### 50 YEARS AGO: AUGUST 27, 1931

Swimming with his hands tied behind his back, feet and knees also tied, wearing an entire Army uniform, overcoat, pack, etc., and in addition, towing a boat loaded with passengers is the most unusual stunt promised by Andy Gault of Iowa at the Channel Lake beach next Sunday at 9 o'clock.

Eighteen alleged violators of the prohibition laws were in the county jail today awaiting arraignment following raids early last night by 45 federal men under the direction of Lane Maloney.

A man identified as Lester (Blackie) Faust, accused slayer of Mrs. Ann Patterson, with whom he is said to have lived in Antioch and Lake Villa for two years, is being held today at Indianapolis. The fatal slaying occurred last Thursday near Silver Lake, Wis., where Faust, Mrs. Patterson and another couple had gone on a wild booze party.

A number of Indian skeletons, in imperfect state of preservation, claimed by an unknown authority to be over 500 years old, were unearthed Friday, when workmen on Rte. 173 turned up the bones on Channel Lake hill, on the southwest side of the lake. As the skeletons were not well enough preserved to be of value to museums or archeologists, the skulls were kept by several of the workmen, while the bones were loaded into trucks and dumped into the new road.

#### 30 YEARS AGO: AUGUST 30, 1951

The fire department made a test run to the Regal China Co. plant Tuesday evening to ascertain just what protection can be given there in event of fire. The new tube under the Soo Line track was used.

Mayor and Mrs. James McMillen attended the sport car races at Elkhart Lake in Wisconsin Sunday afternoon for a report on the attraction to the Lions Club.

Eugene Nemec, nephew of Mr. and Mrs. Joseph Nemec of Bluff Lake, caught a 24 and a half inch northern pike, weighing three and a half pounds in Spring Lake, Sunday.

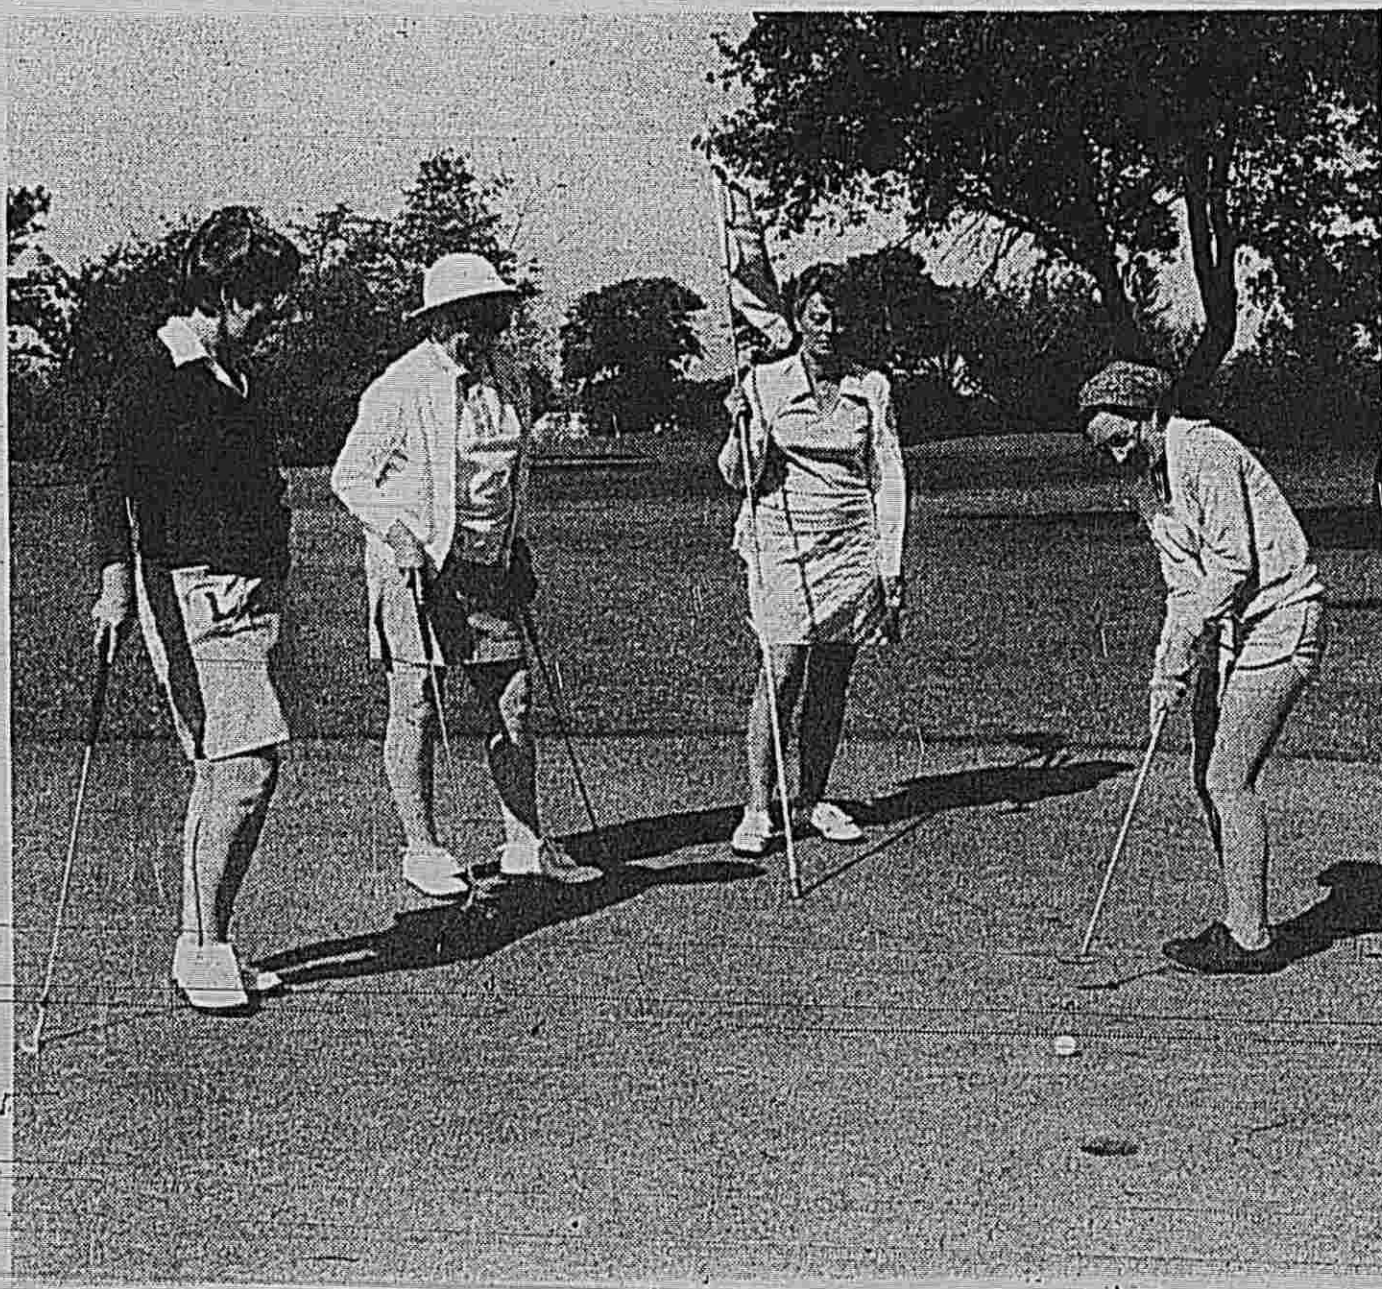

Mrs. Don Martin, formerly Lucille Gonyo, will teach second grade in the Antioch school as a substitute for Mrs. Richard Whitacre during her recuperation. Principal Whitacre said that the grade school will open Wednesday for the full day. The cafeteria will be opened and the cost to the pupils will be 25 cents a meal or \$4.50 for the month.

Juvenile delinquency is one of the gravest problems of his office, State's Attorney Robert Nelson told members of the Antioch Lions Club at their meeting at Pregenzers resort Monday evening. "Use of liquor coupled with the driving of the hot rod car provides a real problem for law enforcement authorities," said Nelson.

# Loon Lakers object

The objectors came out in force at a Lake County Zoning Board hearing on August 12 at the Antioch Township Hall concerning a zoning change on Rte. 83 near Loon Lake.

Richard Curtiss has requested that 3.7 acres on Rte. 83, one block south of Beach Grove Rd., be rezoned from residential to commercial to permit the construction of an A to Z rental store.

Stating concerns such as drainage problems, traffic congestion, decreased property values and a lack of sewer facilities, and beseeching the zoning board to stop the "rampant spread of commercialization," several residents, many whom have lived in the area for 40 to 50 years, expressed their dismay over the proposal, said Bob Mosteller, a zoning board staff member.

No action was taken on the request at the August 12 meeting, but the proposal will

come before the Lake County Zoning Board at its regular August 28 meeting. The zoning board will either recommend or not recommend the proposal, and the county board will make the final decision.

Mosteller said that a similar request, involving only one of the 3.7 acres currently under consideration, was denied by the Lake County Board about a year ago.

At that time, Curtiss had requested the zoning change for the same reason, but the request was denied for several reasons including: that spot on Rte. 83 is particularly dangerous and the zoning board said the new business would further the traffic hazards, there was an abundance of commercially-zoned property for sale in Antioch and the zoning change would not coincide with the Antioch and Lake County comprehensive plans.

## State Bank offers savers, bonus, repurchase agreement

Andrew B. Bernhardt, president, of the State Bank of Antioch, has announced that the State Bank of Antioch is now offering an All-Savers Bonus Repurchase Agreement paying interest at a rate of 20 percent until Oct. 1, 1981 to those individuals planning to take advantage of the new One-Year All-Savers Certificate which becomes available Oct. 1.

Repurchase agreements are secured by U.S. Government Agency securities and they are not deposits. The high interest rate of 20 percent now

offered is available only to persons agreeing in advance to switch these funds Oct. 1, 1981 into our All-Savers Certificate.

The new One-Year All-Savers Certificate will be available in a minimum amount of \$1,000 and will earn tax-free interest at the rate of 70 percent of the yield on the 52 week U.S. Treasury Bills. Once established, the yield on the certificate will remain unchanged during the entire one year term.

The new tax law allows individuals up to \$1,000 tax free interest and for couples

filing jointly, \$2,000 tax free certificates is loss of tax exemption on earnings.

The All-Savers Certificates are generally more beneficial to taxpayers in a 30 percent or more tax bracket and, just like other bank deposits, they are insured by the Federal Deposit Insurance Corp.

### TAX RELIEF

Governor James R. Thompson has warned the legislature again that failure to enact the tax relief rollbacks on manufacturing and farm machinery and equipment would have a devastating effect on the state's educational system.

### LIFT CEILING

Antioch Savings and Loan has announced that the 12 percent ceiling on the association's two and one half year certificates, has been lifted.

### ACHS SIGNUP

## Reed schedules 'Burger N' Brew'

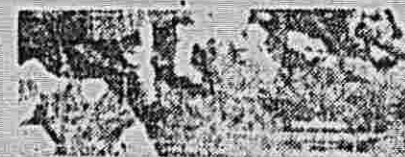

State Rep. Betty Lou Reed (R-Deerfield), will be honored on Thursday, Sept. 3 at the Fourth Annual "Burger N' Brew" party on Blarney Island in Grass Lake.

It is expected that hundreds of Reed's constituents and supporters will be in attendance, according to Pat and Dick Dittmer, Lake Villa, co-chairpersons along with Donna-Mae and David Litwiler, Long Lake.

The fund-raiser will run from 2 to 8 p.m. The cost of \$7.50 per person covers the boat ride to the island, one famous Blarney Island hamburger and frothy brew.

Boats can be boarded at either Haling's Resort or The Wharf, both located on Grass Lake Rd., west of Rte. 59.

Tickets are available from the Dittmers at (312) 356-8479, the Litwilers, (312) 546-8134, Republican precinct committeemen or may be bought on the island.
